

40 PEOPLE = A LIFETIME OF CIVIC ENGAGEMENT

CLOSE UP WASHINGTON

From _____, I will be representing _____ on the Close Up Washington, DC, program. Since 1971, over 900,000 students and teachers have experienced our country's politics, culture, and history through the Close Up program. Close Up has been the nation's leading civic education organization for nearly 50 years. As I travel to Washington, DC, to be part of Close Up's civic education program, I kindly ask for your support by being one of my 40 sponsors. Your contribution is an investment in our community's future by helping students like me become more active and informed citizens.

"The whole experience—government and politics, meeting other students/teachers from across America, sightseeing and participating in living history—is an experience students and teachers will carry forever. Every student who can needs to make this trip."

-Bob, Close Up Teacher Coordinator
